

# ***AAPG CU 2025***

## ***PR plan***

***Head :Mohamed Tarek***

***Vice Head: Sara Alaa***

1. Work to create a Strong Relationship between all teams through continues communication and searching for any problems and working to solve them.

2. Start Preparing sessions with employees from the sector, whether they are geologists, geophysicists or engineers, to benefit the AAPG team members and the largest number of students.

3. Create some activities such as games and share experiences and questions in the field of petroleum industry, geology and geophysics for discussion and sharing

4. Working hard to find training opportunities in the summer for second- and third-year students in the petroleum sector in the best companies such as
